11. Are you familiar with the USEPA's "PCBs in Caulk Fact Sheet"? ☒ Yes ☐ No

12. Are you familiar with the "Best Management Practices" recommended by the USEPA? ☒ Yes ☐ No

If "yes", do you have any recommendations for additional Best Management Practices?

That they be better described. Staff & parents thought that if parent people would come clean in hazmat suits.

13. How often do you think Best Management Practices should be implemented? I'm not the expert, I'm a psychologist. This should be a decision made by the people who determine what is necessary to maintain safe environmental levels.

14. Do you have any specific questions about the indoor air investigation or Best Management Practices at these schools? If so, please describe. Yes, is there some way to better explain the results so people feel safe. The current atmosphere is one where staff & parents feel there is a conspiracy between the district, the
